

Calling All Norwich Residents! Help Keep Our City Clean This September!

The City of Norwich's Blight Enforcement Office is hosting a series of community cleanups throughout September 2024. We're looking for residents, employees, patrons, and anyone who loves Norwich to lend a hand!

The focus will be on the Taftville, Greeneville, and Westside Norwich areas. We'll be tackling litter, overgrown vegetation, and bulky waste items that need to be hauled to the transfer station.

Want to join the effort? It's easy! Just contact Tanice Doman, Assistant Blight Officer, by email at tdoman@cityofnorwich.org. In your email, please include your name, phone number, and when you're available to volunteer.

A complete schedule of cleanup events will be sent out by email on Friday, August 30, 2024.

We encourage you to bring extra helping hands, tools, and a pickup truck if you have one. Let's work together to make Norwich a cleaner and more beautiful place!
